RE: PFC Application No. 09-02-U-00-GSN
PFC Application No. 09-02-U-00-GRO
PFC Application No. 09-02-U-00-TNI

The Commonwealth Ports Authority (CPA) has determined the need to submit to the Federal Aviation Administration (FAA) a new application to use a Passenger Facility Charge (PFC) imposed at Francisco C. Ada/Saipan International Airport, Rota International Airport, and Tinian International Airport. CPA is posting this public notice as part of the application process under 14 CFR § 158.

Design and Construct Runway 9/27 Extension at Rota International Airport - \$4.50

Project Cost:	\$10,000,000
AIP Grant:	\$3,870,000
CNMI/DOI 702	\$5,700,000
PFC Capital GRO:	\$21,500
PFC Capital GSN:	\$387,000
PFC Capital TNI:	\$21,500

Start Date: October 2004
End Date: September 2005

Description/Justification

This project consists of the design and construction of a 1,000-foot extension to the existing Runway 9/27 (approximately 6,000 feet by 150 feet). The project includes construction of a turnaround at each runway end, installation of associated lighting, marking, and guidance signs. The additional runway length is required to allow for direct flight services expected to and from Asia, utilizing B-757 aircraft. The project is a part of airport developments recommended in the airport master plan approved 2002 and will increase capacity within the airport system

CPA Point of Contact

As required under 14 CFR § 158.24, CPA will be accepting public comments on the proposed PFC Application Nos. 09-02-U-00-GSN, 09-02-U-00-GRO, and 09-02-U-00-TNI up to 30 days after the February 13, 2009 date of posting this public notice on our Web site. Comments should be sent to:
